

EHS – Electronic Hook switch Solutions

EHS is the most significant driver of wireless headsets for the enterprise market

GN Jabra EHS solutions are available for the following wireless headsets

- ❖ GN9120 DHSG
- ❖ GN9350

And with handsets from the following switch manufacturer

- ❖ Cisco
- ❖ Avaya
- ❖ Polycom
- ❖ Siemens
- ❖ Alcatel

There are only certain handsets from each manufacturer that are compatible. The headset and handset have to have the EHS software installed for operation. A full list of compatible handsets is available.
