

RTE001S

STANDARD EXIT SWITCH

Range: RTE

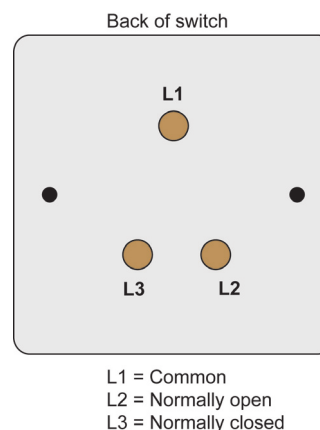

The RTE001S is a convenient, plastic exit switch for internal use. Supplied with a surface back box, the platform is the UK standard back box, therefore the switch will fit on all UK single gang flush boxes.

The unit employs a sprung-loaded rocker switch, which operates a changeover - therefore offering a normally open or normally closed operation.

"PRESS TO EXIT" is standard text, and this text is engraved and painted for long life.

- **Internal use**
- **Sprung loaded rocker**
- **Flush or surface**
- **High impact plastic**
- **Changeover switch**
- **2 year warranty**
