

# Deliver More

---

Value Added Services  
For Channel Partners

Discover Distribution with a Difference.

## Who Are ProVu?

---

We're a hardware distributor at heart. We've been supplying to the Channel for over 25 years, supporting some of the largest resellers, ITSPs, ISPs and MSPs to deploy networking and VoIP hardware.

But it's what we do with the products we're shipping that makes us different. We offer a suite of services which enable us to ship devices fully prepared to work out-of-the-box. Reducing lead times, installation errors and post-deployment support tickets - helping you to grow and protect your margin.

Here you will find a list of services we provide; all designed with you in mind.

Discover how we can deliver, fulfil and protect your projects.

## Network Provisioning & Deployment

---

Accelerate your router deployments with our provisioning & deployment services.

- ✓ TR-069 pre-provisioning for DrayTek, Zyxel and TP-Link
- ✓ PPP hardcoding for rapid WAN activation
- ✓ Remote router management platform
- ✓ Custom settings labels for fast, error-free installation

**Result:** Faster customer go-live, fewer failed installs, reduced support calls.

---

## Connectivity & SIM Integration Services

Looking to offer fully prepared failover-ready routers? We can help.

We offer a range of IoT SIM supply and integration services to ensure routers arrive pre-installed, labelled and ready for deployment. Whether you're using our vM2M IoT SIMs or your own, we can handle the fulfilment process for you. Let us simplify your logistics and accelerate installation.

- ✓ SIM fulfilment
- ✓ Branded SIM backing cards
- ✓ SIM installation into routers prior to despatch

**Result:** Faster installations, reduced engineer time & resilient connectivity.

## SIP Device Provisioning & Deployment

Want to streamline the delivery and ongoing management of your SIP devices? Our dedicated VoIP services are designed to reduce costs, simplify hardware fulfilment, and deliver a seamless end user experience.

- ✓ Phone pre-provisioning with custom settings labels
- ✓ Provisioning server redirection
- ✓ Remote phone management platform
- ✓ DECT handset allocation and pairing

**Result:** No logistic requirements, no manual handset pairing, faster site deployment, improved experience for the end user.

Got something else in mind? Talk to us about your requirements - we're always happy to explore new ideas and build solutions around your needs.

## White Label & Branded Fulfilment

---

Add a professional, personalised touch to your hardware deliveries with our white-label shipping services.

- ✓ Branded despatch notes
- ✓ Flyer inserts in product boxes and packages
- ✓ Bespoke stickers applied to packaging
- ✓ Branded tape sealing your packages
- ✓ Plain packaging options

We can also assist with the printing of your bespoke materials.

---

## Storage & Third-Party Fulfilment

Need additional space or fulfilment support? We can store and ship stock on your behalf whether it was purchased from ProVu or through a third-party supplier. We can also help you responsibly manage returned equipment.

- ✓ Pallet storage for ProVu and third-party stock
- ✓ Managed refurb and disposal services

# Why ProVu?

We're more than just box shifters. We offer our resellers clever fulfilment services to ease ordering, delivery and post deployment care for your customers.

## Training

We are accredited to provide a number of training courses on behalf of our vendor partners - empowering you to better support your business.

## Technical Support

Our expert technical team are on hand to provide industry-leading advice both pre and post sales.

## Installation Support

Looking to offer a complete solution to your customers? We can arrange remote and white label installation for you to help get your projects over the line.

Looking for something different? Speak with us to discuss your requirements.
