

Aastra Mobile – Next Generation Aastra 620d

Aastra 620d is the new DECT business phone. Variations for OEM customers are possible, the GAP standard for basic functions is supported.

Aastra 620d has a large illuminated 2" graphic colour display and 8 programmable keys provide you with quick access to your favorite functions. Service facilities like firmware download over air help reducing support costs.* The handset is equipped with a Bluetooth® interface for cordless headsets and comes with an option for a higher capacity battery.

Aastra 620d
