

H10 Headset

Roam throughout the office,
continue your conversations, and enjoy the
freedom of wireless communications

DECT wireless headsets are optimized for Sangoma IP desk phones

Hands-Free Productivity

Give workers the freedom to roam around the office while staying connected to their phone calls with wireless ranges up to 325 feet. Answer phone calls directly from your wireless headset (using our optional EHS adaptors).

Automatic Integration

Sangoma headsets are compatible with all Sangoma IP phones. Simply connect your headset and enjoy the instant convenience and flexibility to answer calls from your desk phone or headset.

Superior sound Quality

DECT technology eliminates Wi-Fi interference and wideband audio provides crystal clear conversations.

Noise Cancellation

Eliminates background noises so that all callers are always heard.

Superior Call Handling

One-touch control with optional electronic hook switch adapters for call pickup, volume and mute up to 325 feet away from your desk for the ultimate flexibility.

All-Day Battery Life

Workers who answer calls all day, such as call center agents, can work comfortably with their headset always on, without worrying about battery.

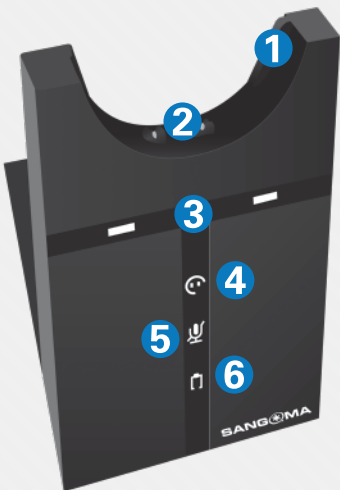

On-call LED

Know when someone is on a call with on-call LED indication, and avoid interrupting their conversation.
