

A310D

HD audio

Lightweight design

Long wearing comfort

Ideal for video-telephony

Flexible all-rounder - stereo

The Snom A310D is a wired binaural headset with ergonomic design for fatigue-free wearing comfort. Wideband technology ensures high-definition audio quality for crystal clear communication. The passive noise-canceling microphone enables clean voice communication and the two high-quality speakers

provide optimal shielding in noisy environments. The flexible headband as well as the various available Quick Release (QR) adapters make the headset not only versatile but also easy to connect to all Snom phones.

Basics and equipment

- Product information
 - Binaural headset | PN **00004626**
- Equipment
 - Ear cushions: 3 axis adjustment, soft leatherette, memory foam filling, designed for full day usage, replaceable
